THURSDAY MORNING, DEC. 22, 1864.

News of To-Day.

The news of Thomas' victory over Hood is not only confirmed, but we are given the details of one of the most brilliant, and certainly the most conclusive, battles of the war, hardly excepting Sheridan's last victory over Early. The particulars, as transmitted to us by telegraph, are most interesting, and will be read with attention by all; and such results as the capture of 9,000 prisoners, with many of the principal commanders of the rebel army, including the taking of 51 cannon, and the routing of the second army of the Confederacy, overwhelmed with irresistible disaster—must carry pleasure and satisfaction to every loyal heart.

Our losses are fixed at over 3,000 killed and wounded, while we are said to have captured 3,000 of Hood's wounded alone, left in our hands on the retreat.

Stoneman has whipped Breckinridge in East Tennessee, near the Virginia line, capturing many prisoners and near all his guns, which of itself is glory enough for one day without the results achieved by Thomas being so much more than confirmed as they are.

The Richmond *Enquirer* favors the securing of the help of European nations by freeing the slaves, and sustains the proposition to arm them, with the assertion that General Lee favors it.

Richmond papers, we are told, give up Savannah as lost, and we have no reason to doubt that Sherman will succeed in all his endeavors. His whole losses from the time he left Atlanta until his capture of Fort McAllister, did not exceed one thousand men, while he brought to the coast 1,200 head of cattle and many thousands of able-bodied negroes.

Lord Russell decidedly snubs the rebel commissioners, and declares that England will continue the policy of strict neutrality; speaks of the "so-called Confederate States," and coolly alludes to us as having been "the formerly United Republic of North America."

In Breckinridge's camp, after the victory over him, was found a general order issued by him, directing the careful saving of small arms, ammunition and lead, every bullet to be picked up on the battle-fields and carefully saved, the Confederacy being very short of the raw material.

A QUESTION OF TIME.—If we were to venture a prediction that peace would ensue in ninety days from to-day, we would at least have the advantage of several years on our side, over Secretary Seward, who so sanguinely announced his belief that such would be the case, in the early days of 1861. There are omens in the air that almost warrant us in believing that such a result is not far distant, and the years of our conflict are demonstrating that republican institutions, as on trial in the view of all civilized nations with the threatened disruption of these United States of America, will never amount to the failure so many have predicted, and that the Old World dynasties have desired to see.

Our Nation has during the peaceful years of its comparatively brief existence, been constantly developing into population, wealth and power, until reaching a position of one of the first class States of earth, able to assert great principles and maintain them before the world. Such were we during years of peace, when the young giant of the Western Hemisphere with untrained sinews, knew comparatively little of his undeveloped strength, and scarce had confidence in himself. But a few years have worked a change hardly paralleled in the history of nations. Our fleets have become armadas, while their armaments are invincible to the navies that were the pride of empires only yesterday. The powers that were so lately disputing for the supremacy of the seas, are learning to build ships and iron-clads—to cast huge cannon and ponderous missiles, from the invention and experience of the American people. War with its devastations and loss of life has neither impoverished nor weakened us, and the same race that were lately pursuing peaceful avocation, and hunting administrations out of power that squandered a little of the Nation's wealth, now meets taxation with stoical indifference, votes that the war shall still go on, and sends forth unhesitatingly its solid columns to the field.

The rebellion is weakening every hour. The grand parody of a Republican Government with slavery as a corner stone, has failed to enlist the jealous powers in Europe in this crusade against the Union. Civilization, progress and christianity all unite to keep them clear of a contest they rejoiced to witness and silently encouraged. Southern armies have melted away, and deserters outnumber the men in the ranks. We hear only of successes to the Union arms. Our generals are at last found, so that the soldiers that needed only leaders have become invincible. Southern harbors one by one are occupied by Union fleets. Seceded States are commencing to discuss questions of peace, and the wail of the rebel President at disaster and public disaffection, is not the least of the omens that fill the political sky and enable us to predicate fresh hope of peace.

LISLE AND L. E. PHANT.—We have been requested to publish L. E. Phant's reply to Lisle Lester, which we were compelled to decline. We think a further continuance of the correspondence would run the thing completely in the ground. Strong minded Lisle and weak minded L. E. Phant have both had their say, and as we have no intention of testing the public capacity in the Artesian well business, we will decline boring them further.—*Yreka Journal.*

Miss Lester says that she never wrote anything for the simpleton to reply to. The published reply she for the first time saw in print, and that, be it ever so good, and well deserved, she never said it.

CORVALLIS GAZETTE.—This sprightly weekly comes to us with the name of W. B. [illegible] as editor, and a promise to soon enlarge and make the *Gazette* as good a paper "as we can." We have no doubt the present editor [illegible] for the good people of Corvallis, in that line, as any other man.

"Desperado" Smith, who was arrested on a requisition from the Governor of Idaho, was brought before the magistrate yesterday for examination. Sergt. McBride applied for a remand for five days, which was granted. This created considerable feeling; Judge [illegible] "I want to see the American Consul." Mr. Pemberton said that the American Consul should be sent for. Prisoner—"I've been handcuffed in this [illegible] town long enough, and I want it put a stop to."

THE [illegible] TRAGEDY.—Officers Terrall and Corry returned yesterday afternoon, having succeeded in capturing Dall [illegible] "Brock Jack" at Whidby Island. The sloop, *Decatur*, the property of Dalligan, has been taken possession of by the Police.—*Colonist, Dec. [illegible]*

DATES TO DECEMBER 20.

Breckinridge Routed.

CINCINNATI, Dec. 19.—The *Gazette* publishes the following account of the battle of the 16th near Nashville:

"The day opened cloudy, with indications of rain. There was a dense fog at an early hour. This soon cleared [illegible] to determine the [illegible] height of the [illegible] Hood with few batteries [illegible] along from the [illegible] where and was [illegible] along the Granny White Hills. His cavalry was [illegible]. Our troops were disposed in the following order: Wilson's cavalry on the extreme right, [illegible] Schofield's [illegible] battle opened had taken [illegible] the cavalry, then [illegible] A. J. Smith's Sixteenth Corps, [illegible] of the Divisions of McArthur, [illegible] and Moore, [illegible] next on the left of Schofield, on the left of Smith was the magnificent Fourth Corps, Gen. T. J. Wood commanding, consisting of the divisions of Kimball, Elliott and Samuel Beatty, was formed in close order of battle [illegible] Steadman, with Cruft's Division and two brigades of colored troops to the extreme left.

"Our plan of battle was a continuation of that of the 15th, in pressing the advantage gained on the enemy's left. At half past eight our batteries opened from a hundred pieces [illegible] along the line. The rebel artillery replied [illegible] Schofield marching down Granny White's Hill pike, carefully concealing his strength, placed his corps directly upon the enemy's flank. Steadman, at the same time, worked his way forward. The enemy, in the meantime, [illegible] on his advanced line. This determined Wood to carry this line without delay. In splendid order Kimball's first division moved forward to the charge, firing volley after volley as they rushed towards the rebel works. A withering fire of musketry and canister opened on them, which caused them to waver more than once; but they still pressed on, until within half pistol-shot, when the enemy's fire became so deadly that our men, in order to return the fire more effectually, came to a halt—longer, perhaps, than any other troops ever remained in such a position. They stood and fired fast and heavy, but they could not remain there; and in the few giving way and falling in confusion, the whole line staggered. Had the rebels done nothing more than keep up their deadly fire, we should have been driven back; but they made a movement to shift their artillery, which our men received as an indication that they were about to abandon their line and retire. Raising a loud shout, with fixed bayonets the division rushed impetuously forward, swarming over the works and capturing such rebels as had not fled. The rebels could only get away two of their guns; the rest fell into our hands. As soon as this preliminary success was achieved, Thomas, who was [illegible] during the day in the very front line of battle, ordered a charge along the entire line. Schofield moved upon the right flank of the enemy, and before his veterans the rebels gave way like [illegible] work. The assailed flank crumbled to pieces as Schofield advanced, and was rolled back upon that portion of the line, which was just now attacked by Smith's troops with a valor that nothing could withstand. McMillan's brigade was foremost, and rushed right up in the very teeth of the powerful rebel batteries and carried, at the point of the bayonet, a salient point of the enemy's works. In a few moments these works were everywhere carried and their forces utterly routed. Rebel soldiers were everywhere captured by thousands. Everything of their artillery was in our hands. Such of their men as escaped death or capture, fled towards the Franklin pike and took refuge behind D. S. Lee's corps, which held a gap in the hills. Generals Wood and Steadman, on the left flank, now united and prepared to assail the rebel right, which was still in line. Under cover of a tremendous fire from our guns, Col. Post's brigade moved forward. Straight's brigade of Beatty's division was on his right in support, Immediately on Post's left, Thompson's colored brigade was drawn up, and Morgan's colored brigade was on the left of that. The enemy reserved their fire until Post's brigade commenced climbing the hill, when a perfect hurricane of shot and canister tore through his ranks.

"In the face of the fire they advanced steadily. The colored troops vied with the white in the persistent energy with which they forced their way up. Thompson's men in endeavoring to pass around to the left met a terrible flank fire, which confused their ranks—at this juncture the brave Col. Post was mortally wounded. In a moment all order was lost and our men, who [illegible] immortalized them, marched back bleeding to the line from whence they retreated. Wood soon reformed his broken battalions, and issued orders for a renewal of the assault. While Post's veterans again assailed the hill directly, Thompson's Africans moved on the rebel right, while Elliott's and Kimball's divisions were hurled like thunderbolts against the rebel left. Wood himself accompanied by all his staff followed and directed the charge. The rebel fire blazed forth anew, but our soldiers without hesitation or pause carried the entire works with all their guns, and drove the rebels in dismay from the hills. This was the last stand the rebels made. Their whole army was now fleeing in rout and panic, and had not night intervened the whole rebel army would have been destroyed. The appearance of the battle-field was horrible in the extreme. The rain was falling rapidly, and the ground was thickly covered with the dead and dying—camp equipages torn and trodden in the mud was mingled with shattered artillery wheels and exploded caissons. The results of the battle were 5,000 prisoners, 50 guns, and 7,000 small arms."

NASHVILLE, 17.—Our forces, advancing southward, this morning captured a body of rebel prisoners estimated at 3,000, among them being a Brig. General, and a number of commissioned officers. The capture was made between Brentwood, ten miles south of this, on the Franklin pike and Harpeth river. The total number of Confederate officers captured yesterday, was three Cols., one Lt. Col., seven Majors, forty-six Captains, one hundred and fifty-seven Lieutenants, and two Surgeons.

Among the prisoners taken yesterday was Generals Johnson, Smith and Rucker. General R. W. Johnson, instead of being killed, as reported, was only wounded. He turned the rebel flank and crossed the Harpeth river 14 miles from the city. Our army to-day is undoubtedly attacking the rear of the rebels, as heavy firing has been heard in the direction of their retreat, early in the morning. The total number of prisoners captured in the two days' fight is estimated at 9,000. Hood's loss can't be less than 15,000 men since he advanced from Columbia toward Nashville. Thomas is determined [illegible] to give battle and had ordered pontoon trains forward to cross the streams between this city and Columbia on Duck river.

LOUISVILLE, Dec. 19.—The *Journal* learns that General Wood had got in Hood's rear, near Franklin, and thinks that the army under Hood will be crushed.

NASHVILLE, Dec. 19.—A courier who left Franklin yesterday (18th) reports the rebel forces in full retreat. Hatch's cavalry attacked the rear guard of the rebels on Saturday morning, capturing a large number of prisoners. The 4th corps crossed Harpeth river at Franklin on Sunday morning, 18th. Franklin is reported to be full of rebel wounded, not less than 3,000 being left on their retreat. Every church and public building there has been taken for hospital purposes. All the churches in this city have been appropriated for the use of our sick and wounded who have been removed.

Rosecrans' command attacked and routed part of Forrest's forces, near Murfreesboro, on the 15th.

WASHINGTON, Dec. 19.—The following report of his operations yesterday has been received from Thomas:

"Headquarters Department of Cumberland, near Spring Hill, 18th.—[illegible] has been vigorously [illegible] to-day, [illegible] avoided any attack [illegible] taking a few [illegible] captures were light when compared with the successes of the past three days. Pursuit will be continued in the morning at as early an hour as the troops can [illegible] found the [illegible] little disturbed. My troops [illegible] in a day or two at farthest. Maj. General Johnson's [illegible] division, with all its brigade commanders, was captured in the works which were carried by assault, and Brig. Gen. Rucker [illegible] destroyed a brigade of the enemy's cavalry, capturing its commander. Among the [illegible] made to-day are the rebel Gen. [illegible], who was wounded [illegible] was unable to go away. [illegible]

[illegible] The following [illegible] reports have been received.

NASHVILLE, Dec. [illegible] forenoon the [illegible] Spring Hill [illegible]

NEW YORK, [illegible]—A letter [illegible] Admiral Dahlgren [illegible] 14th, says that he went [illegible] in presence of General Sherman, the General having come [illegible] Wassaw Sound [illegible] Foster [illegible]. The Admiral [illegible] preparing for an attack on Savannah [illegible]

NEW YORK, Dec. 19.—The *Commercial's* special dispatch says Richmond papers of the 17th [illegible] Savannah [illegible] communication with that city [illegible]. This indicates the complete investment of the place. The same papers [illegible] Wilmington [illegible] Hampton Roads on the 13th.

WASHINGTON, Dec. 19.—It is rumored that Stevens will introduce a bill [illegible] the time for the two dollars tax on whisky from February 1st to January 1st.

NEW YORK, Dec. 20.—The *World's* special dispatch from Nashville, dated the 17th says: Thomas is pursuing the enemy to Duck river. We have nearly all Hood's artillery. All the rivers are high and the bridges in front of Hood are destroyed. We have captured 9,000 prisoners including [illegible] wounded at Franklin and four Major Generals. Hood had 61 guns, 51 of which we now have.

Stoneman has whipped Breckinridge in East Tennessee, near the Virginia line, killing, wounding and capturing a large number, and taking most of his artillery.

The following is a copy of the order found at Breckinridge's camp in East Tennessee:

"HEADQUARTERS West Virginia and East Tennessee, General Orders, No. 27.—In accordance with instructions received from the Ordnance Department at Richmond, that it has become of vital importance to husband small arms, ammunition and lead, the following order is published: All lead which can be gleaned from battle fields, or otherwise obtained, will be collected by brigade ordnance officers and sent to the nearest arsenals. When arms are to be relieved of [illegible] cleaning, the balls should be drawn if practicable, otherwise the [illegible] should be discharged in boxes of sand in order that the lead may be recovered and turned over to the Ordnance Department. The attention of commissary officers is called to the necessity giving rise to this order. Its rigid enforcement is enjoined by commanding officers.
(Signed) BRECKINRIDGE,
Major General."

HEADQUARTERS DEPARTMENT WEST VIRGINIA AND EAST TENNESSEE, Dec. [illegible]—Circular.—The attention of commanding officers is called to the scanty forage in this department, and the absolute necessity of the strictest economy in consumption. Evidences of waste have been observed heretofore. The proper officers must in all cases superintend the issue of forage. The commanding officers of every command must give [illegible] personal attention.
T. H. [illegible], A. A. G.

Gen. Ed. McCook is after Lyon in Kentucky, [illegible] escape. Murfreesboro, Bridgeport, Stevenson, Chattanooga and Knoxville are all [illegible]

Nothing has been heard from Thomas to-day.—Unofficial dispatches state that the Provost marshal at Louisville reports 5,000 prisoners, and 59 pieces of artillery, as having been already secured. It is ascertained that in [illegible] Thomas' report last night, a telegraphic mistake was made, at Louisville or Nashville, in the estimated number of our casualties. The dispatch stated that his whole loss would not exceed [illegible], very few being killed. A dispatch from Lexington, Ky., dated this evening, states that on the 13th, at Kingsport, East Tennessee, Burbridge had a fight with Basil Duke's brigade, formerly John Morgan's, and routed it with a loss to the enemy of [illegible] killed, wounded and prisoners, and a train. Dick Morgan, brother of John Morgan, was captured.

NEW YORK, 19th.—Arrived to-day, the ship *Garibaldi*, from San Francisco, and the *Volante* [illegible] on the west coast of Mexico.

NEW YORK, 19th.—The *Herald's* correspondent at Butler's Headquarters, dated Dec. 17th, says, last evening at about six o'clock the lines of Brevet Maj. Gen. Ferrero, commanding [illegible] Bermuda Hundred, were attacked by rebels. The firing, which was heavy and incessant for an hour, was mostly confined to the pickets though there was sufficient artillery use on our side to repel the attack. Five rebel gunboats and 2 rams, the *Virginia* and the *Richmond*, were distinctly observed lying under the guns of Fort Darling yesterday, towards evening. They are doubtless there for a purpose.

The Richmond *Enquirer*, of Dec. [illegible]th, has a semi-official editorial in favor of arming the slaves. It says Gen. Lee is in favor of the proposition.—The *Enquirer* says when we apply to the European nations for help, we must be prepared to raise it on their conditions, which will be the abolition of slavery. It also asks, shall we continue the war, sacrifice our children and destroy our country for the sake of the negro? It concludes, we hate, detest and despise the enemy far more than we love slavery.

A telegram to the Richmond *Whig* from Lynchburg, dated Dec. 14th, says a body of Yankees returning toward Bean's Station, East Tennessee, encountered our forces at East Zollicoffer Station on the Tennessee road, 9 miles west of Bristol, where a fight was said to be progressing at last accounts.

The Richmond *Sentinel*, of Dec. 9th, says, Foster's quiet under his failure on the Savannah R. R. Sherman has seemingly despaired of opening communication with the coast at Beaufort. The capture of Fort McAllister is announced. Its [illegible] has been well understood. Sherman will now be able to get supplies by way of Ossabaw Sound; should he capture Savannah he will have exchanged a city in the interior for a city on the coast, which has been completely closed to commerce since the loss of Fort Pulaski, in 1862.

European Intelligence.

NEW YORK, Dec. 18.—Earl Russell sent the following reply to the dispatch of the rebel Senate commissioners and the manifesto of the Southern Congress:

"*To Messrs. Mason, Slidell and Dudley Mann*:—I have had the honor to receive a copy, which you sent me, of a manifesto issued by the congress of the so-called Confederate States of America. Her Majesty's Government deeply deplores the nature of the struggle between the Northern and Southern States of the formerly United Republic of North America. Great Britain has, [illegible] remained, with the exception of a short period [illegible] connected by friendly relations with both Northern and Southern States. Since the commencement of the civil war, which broke out in 1861, Her Majesty's Government have continued to entertain sentiments of friendship equally for the North and the South. Of the causes of the rupture Her Majesty's Government has never presumed to judge. They deplored the commencement of the sanguinary struggle, and anxiously look forward to the period of its termination. Meantime they are convinced that it is best consulting the interests of peace and the right of all parties by observing a strict and impartial neutrality; such neutrality Her Majesty has faithfully maintained and will continue to maintain.
RUSSELL."

The London *Times*, speaking of [illegible] finds no favor in [illegible] North or South. First [illegible] the Confederacy [illegible] States [illegible] but [illegible] they were formerly united [illegible] the [illegible] of the [illegible] hope [illegible] to avoid any demonstration of [illegible] the [illegible] event.

Re-Arrest of Brockie Jack.—This noted road-agent, whom the officers from Montana to California, and through Oregon to Idaho have been in search of for months past, for a robbery of the Salt Lake stage and murder of the driver, has been at last secured on British possessions, in such manner as to fix his transportation certain—at least as far as Idaho. "Brockie" visited Portland, and it was while here, through the efforts of Sheriff Stitzel, that the track of the highwayman was discovered, and the plans laid for his arrest. Before anything was accomplished, however, the suspicions of Brockie were aroused, and stealing a small boat he decamped down the river, and up the Cowlitz, with his mind on Victoria. He was followed, and after much trouble taken into custody by the authorities at Victoria, and held for a few weeks awaiting the requisition of Governor Lyon, from Lewiston. But the delays attending this branch of proceedings caused the release of Brockie, and he left Victoria about the time—at least a few days before the arrival there of the officers with a detachment of soldiers, and the necessary papers to bring him away. Finding Brockie and his associates thus liberated Mr. Jas. H. Fisk, the officer entrusted with the warrants, and processes from Idaho, got track of them, and chartered a schooner which was manned and armed with two swivels, and sailed in pursuit of them, accompanied by officers from Victoria. The first day they were traced to North San Juan, from there to Whatcom, from there to Bellevue Island, thence to Orcas Island in Buck's Bay, where their den was found in the most secluded spot imaginable, which is reported to have been a "perfect den of thieves." The party were separated, however, which made their capture easy. Brockie was pounced upon before day light the following morning, while in bed. After his capture, and securing two boat loads of his plunder the party sailed for Victoria, and on the way fell in with Brockie's piratical craft, the *Deer Foot*, with the balance of the party on board, who hove to immediately, when ordered to do so, and was boarded by the officers and taken to Victoria, creating quite a little fleet. The criminals were to have an examination on the 15th, when they would soon afterwards leave for Portland, and may be expected to arrive here any day. Brockie is undoubtedly the most desperate road agent on the coast. His presence has been a terror to California, Washoe, Utah, Montana and Idaho, and the officers who have had a hand in his final arrest, to use the words of Secretary Cochran of Lewiston, "have won the warmest gratitude of all law abiding men."

A Severe Case—A Policeman Robbed.—Late on Tuesday night as Policemen Ball and Skidmore were traveling their beat in the upper Ward of this city, a suspicious customer was met near the saw mill of Estes & Stimson, and the former officer attempted to arrest him, when he dealt a deadly blow upon the officer's head which felled him senseless to the ground. Two or three hours after the occurrence happened officers Foreman and Blake arrested a person on suspicion of being the one who did the deed, and the investigation before the Recorder yesterday proved that their suspicions were correct, and he gave in his name as Joseph Scott, a hard looking fellow, stout, dirty and desperate. It seems that officer Skidmore was standing by when the event transpired, but instead of rendering his associate any assistance, ran off from the scene, leaving Mr. Ball as he lay after the stroke. When Skidmore left, and before his return, Scott came out from his hiding place, robbed the wounded officer of his purse and money, and made off. A search of his person after the arrest disclosed the purse which was identified in Court, and $55, a portion of the money stolen. At the conclusion of the examination he was committed to the County Jail, in default of $400 bail for his appearance at the next term of the Circuit Court. Mr. Ball recovered his senses in a few hours, and was taken home, but is badly injured.

Navigation.—The steamer *Fannie Troup* did not make her regular trips on Tuesday, and the steamer *Vancouver* was brought out yesterday at 11 o'clock to make the run to Vancouver, which was successful, and to-day she will repeat the effort, leaving Vaughn's wharf at 10 o'clock A. M. No interruption to navigation is felt on the Willamette above this city. The steamer *Wilson G. Hunt* has not attempted a passage to the Cascades since Monday. Yesterday the weather moderated considerably, and last evening we were treated to a shower of rain, with further indications of a moderate temperature. The Messengers of Wells, Fargo & Co.'s Express, who are supposed to have left the Dalles overland on Monday last, are expected here to-day, and perhaps will leave on the return trip by Saturday next, unless the boats of the O. S. N. Co. resume trips sooner. The boats of the lower Columbia trade are all below, possibly detained by floating ice.

Want of Back-Bone.—The safety of law abiding citizens depends somewhat upon the nerve manifested in the person of those who may have the patroling of the streets at night, especially in times like the present with our city, when it is known that desperate characters throng our avenues, lay wait in our alleys, and are up to every species of crime. The action of officer Skidmore in the affair of high handed villainy alluded to in another place, to say the least one possibly can, shows cowardice. Whatever the circumstances he should never have let the criminal escape with less than six chances for his life, if that many shots had been in his revolver, but he did not follow him a dozen paces. Perhaps he was badly frightened, and being alone, confused, did not know what to do; and there may be mitigating circumstances in connection that we do not know of, but as we understand the matter at present his "masterly retreat" shows *prima facie* evidence of his having something of a lack of genuine back-bone, and if our deductions are correct we could not find language too severe to condemn the act.

The Minimum.—The Company of volunteers being raised in this city by Captain Powell, has overrun the minimum, and application was made to Colonel English yesterday for it to be mustered into the service. Some Counties have beat us on the early filling of quotas, but there cannot be a Company in the Regiment that will out-rank our Company on the score of soldierly appearance. They are in fact all able bodied men, and had not the examining Surgeon rejected so many the maximum could have been reached at this time, a fact which speaks well for the condition of the men enlisted. Several persons are desirous of entering Capt. Powell's Company, and we would remark that they should apply soon.

Military.—Washington and Yamhill Counties have nobly responded to the call for volunteers, and raised ninety-two men. The company will be mustered into the service in a few days. The Governor has commissioned the following officers to command the same: Ephraim Palmer, Captain; Mr. Walker, First Lieutenant; John W. Cullen, Second Lieutenant. Mr. Palmer is a brother of General Palmer, and served in the Mexican War. Mr. Walker is a son of Rev. E. Walker, of Washington County, a native of Oregon and the first Oregonian commissioned in the army. Mr. Cullen is a *tyro* and recently commanded an independent company of cavalry. A company commanded by such officers can be relied on in time of need. The men are at Camp Russel and said to be a fine looking Company.

Continued.—The "lot" was so extensive at the regular auction sale yesterday, that Mr. Richardson was compelled to continue the sale of toys etc., until 10 o'clock, A. M., to-day, at which time a superior assortment will be offered. This will conclude the sale in that branch of trade, and all parts and parcels must be sold to make room for a fine assortment of dress patterns, furs, &c., for the holidays.

Recorder's Court.—On Tuesday two cases of violent and disorderly conduct were tried in Recorder's Court, netting in fines $5 which were paid, in consideration of a proportionate amount of justice. Yesterday the case of Joseph Scott, charged with robbing Chancey Ball in the street, of $60, was the only one up for examination, at which he was held to bail in the sum of $400, and committed to jail.

Shortest Days.—We are now having the shortest days of the year. Yesterday time was reckoned from sun to sun at 9 hours and 33 minutes.

Last Evening of the Fair.—Judging by appearances, the full amount cleared by the ladies in their noble efforts made the last two days for the Christian Commission, must exceed $1,200, all in coin. The crowd was dense to the last, and the Fair being over, and the hour late, we will defer an extended notice until to-morrow.

The Benefit To-Night. This evening is set apart for the benefit of Mr. Sheppard, and as it is [illegible] to bestow favor upon a worthy actor, we hope for him a crowded house. The box office will be open from 12 o'clock until 2 P. M., for the convenience of those wishing to procure seats.

Music, etc., for Holiday Presents.—Prof. Sinsheim has fixed up his music store on Front street adjoining the Post Office, in fine style for the holidays, and has really an attractive stock to select holiday presents from.

The Brother Jonathan. This steamship left San Francisco for Victoria and Portland on Tuesday at 11 o'clock A. M.

ESTIMATED POPULATION OF THE STATE OF NEVADA.—The Virginia City *Union* of November 25th, remarks:

The total vote is much larger than was expected, giving 16,420, and the Union majority 8,222 on Electors, and about 100 more on the State ticket. A study of these returns will enable us to estimate the population of the State.

In the settled Eastern States the ratio of voters to population is one to five or six. At the present time, considering that a very large portion of our people live in the towns, and have their families with them, we think the voters to four and a half of the whole population. The total vote being [illegible], which would show a population of [illegible]. At the rate of one to three and a half, which seems to be nearer correct, it is 57,470. We will therefore compromise and call it an even 60,000, which is [illegible] 00 more than we had counted upon.

ROGER A. PRYOR CAPTURED.—Washington, Nov. 29.—Ex-Congressman Roger A. Pryor, acting as a private soldier in the Confederate army, was captured last Friday by our pickets, while attempting to exchange papers. This was done, in retaliation for the recent capture of Captain Burbridge on Saturday, and Pryor will probably be returned as soon as Burbridge arrives. Since Pryor's capture, Burbridge has been dismissed from the army for disobeying an order forbidding the exchange of papers, or holding any intercourse with the enemy on any pretext. The *Commercial's* Washington special says Roger A. Pryor has been escorted along Pennsylvania avenue, under guard to the Old Capitol. He wore a handsome uniform of grey and nodded familiarly to old acquaintances.

NAPOLEON AFTER THE MINES OF MEXICO.—The Paris correspondent of the New York *Times*, under date of October 14th, says:

The French Government has just sent to Mexico a scientific commission, composed of the Abbe Brasseur de Bourbourg, the architect M. Mehedin, and two civil engineers, to take topographical maps and to examine into the mineral and agricultural resources of Lower California, Sonora and the chain of the Sierra Madre mountains down to the city of Mexico. It is a well known fact that among the leading men of France there is an immense longing after the mining territory mentioned above, and it would not be curious if the French Government were arranging by some means or other to "squat" in that territory.

The good things of this life are like the inside seats in an omnibus on a wet day. To gain them you must struggle and push the instant they are vacant. Wait and you have to go outside or lose them altogether.

"Come, go to bed, Eddie," said an anxious aunt; "you see the sun has set, and the little chickens all go to roost at that time." "Yes, aunty," said Edwin, "but the old hen goes with them."

"Father, are the hogs that go to Cincinnati ill?" "No, my child—why do you ask?" said the father. "Because the papers say that they are cured there."

HOSTETTER'S
CELEBRATED
STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, recruits and purifies them. Dyspepsia in all its forms yields to its control and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the animal juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and brings the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite, and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the dejected mental powers, as well as strengthens the body, and its use is never followed by any reaction.

Cure Your Cold, Save Your Lungs.

NEWELL'S
PULMONARY SYRUP
has
CURED THOUSANDS!
And it will Cure You!

"A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected; When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption.—[Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined by its intrinsic merit, to supercede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S
Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM?

Dr. Hall in his Journal of Health, speaking of the death of Washington Irving, asks the above question and adds, "He might have remained with us for some years to come, had it not been for a kind, kindly intended, no doubt, but given in thoughtlessness and reckless ignorance."

He Had a Cold!

Which, by some injudicious prescription, had been converted into asthma." Let me say to Dr. Hall that that "prescription" was not

NEWELL'S
PULMONARY
SYRUP.

KEEP IT IN THE HOUSE, use it freely, pass it to your children upon the earliest indications of a Cold, and you will think and speak of it as all do who have become acquainted with its virtues.

A Greenback Case!

HAVING BEEN COMPELLED ON ACCOUNT OF Legal Tender Notes at par since the 17th day of December, 1862, for the rent of the handsome Brick store, corner of Morrison and Front streets, I feel compelled to announce for the benefit of the public at large, that

Jacob Mayer

Leased the building of me on the 17th day of February, 1862, for a term of years, at which time there was no such currency in vogue, and it was understood the terms were CASH. Since the date above stated I have received the depreciated currency regularly, under protest for the rent of the

CITY OF PARIS STORE,

Making less than two-fifths of the real amount said Mayer was to pay. He has secured the building at very advantageous rates, and even were he now to comply with his contract, and pay in COIN, would be getting the best bargain in the city. I make this statement to show the public what kind of a man he must be to take such an advantage of the times to convert a few dollars to himself by LEGAL SWINDLING. The public can readily see what it costs to have such tenants. G. W. VAUGHN.

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain tops, distant valleys, and far-off islands of the ocean—from every nook and corner of the civilized world is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands upon thousands of letters like the following may be seen at our office:

Ellensville, Wis., Sept. 15, 1863.
[illegible] I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. [illegible] Three bottles restored my speech and cured me.
C. A. FLAFTS.

South Warsaw, O., July 28, 1863.
[illegible] the young man, who was unable to leave the house for two years with scrofula and Erysipelas, after having tried everything over $1,000 without benefit, has been cured by six bottles of your Bitters.
EDWARD WOODALL.

The following is from the manager of the Union Home School for the Children of Volunteers:

Havemeyer Mansion, Fifty-seventh St.,
New York, August 2d, 1863.
Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little Children suffering from weakness and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. Respectfully,
MRS. O. M. DEVOE.

[illegible] I owe much to you, for I verily believe the Plantation Bitters have saved my life.
REV. W. H. WAGGONER, Madrid, N. Y.

[illegible] Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend,
ASA CURRIN, Philadelphia, Pa.

[illegible] I have been a great sufferer from dyspepsia, and had to abandon preaching. [illegible] The Plantation Bitters have cured me.
REV. J. S. CATHORN, Rochester, N. Y.

[illegible] Send us twenty-four dozen more of your Plantation Bitters, the popularity of which is daily increasing with the guests of our house.
SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C.

[illegible] I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.
G. W. ANDREWS,
Superintendent Soldiers Home, Cincinnati, O.

[illegible] The Plantation Bitters have cured me of Liver complaint, of which I was laid up prostrate and had to abandon my business.
H. B. KINGSLEY, Cleveland, O.

[illegible] The Plantation Bitters have cured me of a derangement of the Kidneys and urinary organs that has distressed me for years. It acts like a charm.
C. C. MOORE, 254 Broadway, N. Y.
etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S. T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

NOTICE.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

Sold by respectable dealers throughout the habitable globe.

"CONSTITUTION WATER,"
THE ONLY REMEDY FOR DISEASES OF THE
BLADDER, KIDNEYS,
Gravel, Dropsical Swellings,
GENITAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above mentioned, and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease in any way connected with the disorder or decay of the PROCREATIVE FUNCTIONS. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once relieved, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man, he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom or an almost idiotic apathy, becomes bright and active; and he goes forth, regenerated, conscious of new vigor.—The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING, OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.
Males or Females,

Are you troubled with that distressing pain in the small of the back, and through your hips? CONSTITUTION WATER will relieve you like magic.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by combination in a way before unknown; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of medical scientists, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is relied upon the

HEART,
LIVER, KIDNEYS,
DIGESTIVE ORGANS and GLANDULAR
SYSTEM,
and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton, of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the medical faculty that it was published in the Medical Journals and its use recommended to general consideration (American Medical Monthly, July 6, 1859, page 75.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC,

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

ALLEN'S
LUNG BALSAM!
The Remedy for Curing
CONSUMPTION, COUGHS, COLDS,
Asthma, Croup,
Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD, heals the irritated parts, gives strength to the digestive organs, brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. THERE IS NO REAL NECESSITY FOR SO MANY DEATHS BY CONSUMPTION, when ALLEN'S LUNG BALSAM will prevent it, if only taken in time.

Sold by all Druggists. Price $1 per bottle.

LE DOYEN'S
SARSAPARILLA, YELLOW DOCK
—AND—
IODINE ALTERATIVE
FOR THE
CONSTITUTION.
CLEANSE THE BLOOD.

WITH corrupt, disordered or vitiated Blood you must be sick all over. It may burst out in pimples or sores, or in some active disease, or it may merely keep you listless, depressed and good for nothing. But you cannot have good health while your blood is impure. Sarsaparilla purges out these impurities and stimulates the organs of life into vigorous action, restoring the health and repelling disease. Hence it rapidly cures a variety of complaints which are caused by impurities of the blood, such as Scrofula or King's Evil, Tumors, Ulcers, Sores, Eruptions, Pimples, Blotches, Boils, St. Anthony's Fire, Rose or Erysipelas, Tetter or Salt Rheum, Scald Head, Ring Worm, Cancer or Cancerous Tumors, Sore Eyes, Female Diseases, such as Retention, Irregularity, Suppression, Whites, Sterility, Syphilis or Venereal Diseases, Liver Complaints and Heart Diseases.

Blood and Liver.

This valuable Medicine is now available to the public for the cure of

SCROFULA, CONSUMPTION, RHEUMATISM, CANCER,
HEART, LIVER AND KIDNEY DISEASES,
NEURALGIA, NERVOUS AFFECTIONS, BRONCHITIS,
DYSPEPSIA, &c.

AS A TONIC,

its operations are evinced by strengthening the digestive organs and increasing the appetite. In cases of Dyspepsia, Emaciation and Debility, an increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Are you sick, feeble and complaining? Are you out of order, with your system deranged and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping over you, and should be averted by a timely use of the right remedy. Take Le Doyen's Sarsaparilla, and cleanse out the disordered system—purify the blood, and let the fluids move on unobstructed in health again.

AS A LITHONTRIPTIC,

it has no equal; being chemically combined with Iodine, it possesses in a high degree the power of dissolving Stone in the Bladder, and urators of the kidneys, preventing gravel formation and enlargement of the prostrate glands, irritation of the neck of the bladder, dropsy, etc.
